

MONTESSORI & MULTIPLE INTELLIGENCES METHOD

Are you facing these problems?

- My child can't read.
- My child can't spell.
- My child can't speak English.
- My child can't speak Mandarin.

We can help your child improve. A Kindergarten that has the experience of and proven method of effective teaching, will help solve these problems. Don't take chances and regret later. It will be too late to help your child.

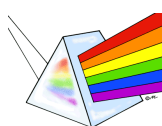

Trained/Qualified/Experienced Teachers

Low teacher turnover. Most of them have been with us for **more than 8 years**. **Intensive in-house training** to ensure our teachers are able to teach effectively - fun learning and result orientated.

No child left behind policy. Every child **will improve** in their learning with us. Our many **top students in Primary Schools** prove it.

FUN-FILLED HANDS-ON SCIENCE EXPERIMENTS

SCIENCE MAGIC

Learning through experiments

Your child will benefit from our **Thematic and Hands-On Experiment Science** Programme.

- o able to **remember better** through hands-on activities and reinforced through workbooks specially designed by us for better **quality contents**
